### Fall Fishing Trip

Every year all the boys get to participate in our fall fishing trip. Instead of going salmon fishing on the Lower Columbia River between Oregon and Washington, as we have in years past, we went to Lake Roosevelt which is in North Central Washington. This area is quite different than the Lower Columbia and it is surrounded by beautiful farm lands and patches of forest land. We decided to go there because of the great trout fishing the lake provides as well as bass and walleye. Personally I always enjoyed when father figures in my life would take time to take me out with them, so I especially look forward to this time with the boys. I believe it's a great opportunity to show and teach these boys on how great God's creation is!

It was a beautiful weekend up there and the weather was great! We were blessed by catching a lot of trout, a few bass and one walleye! It's always fun taking the boys out on camping or fishing trips, and they always enjoy the break from school and ranch work. We were also blessed to have no break downs or accidents! The last day of our trip we went to the Grand Coulee Dam visitation center which is located below the Dam. Just a great way to end our trip with something so big and amazing to look at!

A special thanks goes out to Mike Nash and Craig Baird who donate their time, boats and money on this trip! They give the best experience fishing that these boys or anyone could have!

Ben Creach,  
Youth Services

Once in a while, we are given an opportunity to stretch our faith. We have a new family, that we have accepted into our program, that is unable to pay tuition costs. We are trusting the Lord to provide finances for his care here. His dad is unemployed and mom is supporting the family the best she can while dad looks for work. We are asking that you would consider helping this family. The tuition costs would be about \$27,000.00 for his full 18 month stay. If you break that down to monthly costs, it is about \$1500.00 a month. We are trusting that the Lord will provide so we can bless this family. If you would like to help support JS, please send in a check with a sticky note indicating it is for "JS scholarship

#### **Prayer Requests/Needs:**

- Our "General Funds" account is low, please pray for donors who would give to this account. For ongoing supporters and one time gifts.
- Please pray for BP, JS, EG, and CP. Pray for their adjustments into the program.

#### **Praises:**

- The Boys all returned from their fall home assignments. It sounds like everyone did pretty well.
- Since the last partner letter, we have had 4 intakes! We are up to 12 boys now. What an answer to prayer!
